Accessibility For All

Accessibility for All - Building a World for Everyone

Watch this Forum on Youtube [here](#).

Tuesday, October 6, 2020

In a world where so many people still face social and physical barriers, we seek to build and transform our spaces to make them accessible for all. Learn from the experts on the challenges and the accomplishments of building a world for everyone.

The event includes presentations and a Q&A panel session with local professionals in the field. Thank you to our sponsors: [British Pacific Properties](#) and [North Shore News](#).

Kevin Evans, Moderator - former CBC journalist

Hans Uli Egger, Panelist - Accessibility Certification Specialist, *Rick Hansen Foundation*

Stan Leyenhorst, Panelist - Inclusive Design Specialist, *Universal Access Design*
