

Together we're making
your Community Centre
even better.

Mission and Vision

Our Vision - The West Vancouver Community Centre is a place of pride and belonging where neighbours meet and community is built at the socially diverse, cultural and recreational heart of West Vancouver.

Our Mission - Engaging with our community to identify needs and opportunities, we create welcoming and inclusive ways for people to come together and enrich their lives. Going above and beyond what's already here, we help make our community stronger and more connected.
