ENHANCE WEST VAN MISSION

Working together, building community, we provide programs and services in our public facilities that enrich people's lives through shared opportunities for participation, leadership, health and wellness.

Engaging with our community to identify needs and opportunities, we create welcoming and inclusive ways for people to participate and come together. Going above and beyond what is already here, we provide enhanced programs and services that help to make our community stronger and more connected.

Working together with the District of West Vancouver, we strengthen the bonds of community by building on a strong foundation and making it better, more accessible, inclusive, and connected.
